

**September 26,2006**

**IN REGARDS TO 10/604,114.**

**Hello Examiner Tianjie Chen, Here is the first claim as amended per your instructions. Upon acceptance, I will propagate that language throughout the claims and file with you ASAP.**

**Amended allowable claim 1:**

**A magazine-based data cartridge library comprising:**

**a first library assembly and a second library assembly;**

**said first library assembly comprising a first frame having a first side, said first side covered by a plate, a first passageway extending through a portion of said first side when said plate is removed;**

**said second library assembly comprising a second frame having a second side, said second side covered by a plate, a second passageway extending through a portion of said second side when said plate is removed;**

**a magazine transport device for moving a data cartridge magazine within said first frame, moving said data cartridge magazine through said first and second passageways, and moving said data cartridge magazine within said second frame.**
